

Teacher and Support Staff COVID-19 Grant

On November 9, 2020 all 2019-2020 qualified Clinton County RESA employees were emailed the TSSC-19 Grant Application along with a video on how to complete the application. If you believe you should have qualified, qualify under a different classification, or disagree with your FTE for the Teacher and Support Staff COVID-19 Grant please submit a written appeal to Human Resources by December 4, 2020. Please state the merits of your appeal in some type of written form. The Michigan Department of Treasury has provided no formal or informal form to document your appeal. The link below will direct you to the Michigan Department of Treasury website section regarding this legislation. The Clinton County RESA Human Resources Department will be able to assist with any questions regarding how we determined staff eligibility to receive the grant application but will be limited in our ability to explain the details of how the grant legislation was constructed.
